HOW ARE CITY UTILITIES NOW BEING RUN?---BOUILLON REFUSES TO ANSWER

FEW SETTLERS ON HAND TO SECURE CHOICE LAND

Opening of 80 New Townships at Land Office This Morning Marked by No Unusual Rush — Only Twenty Homesteads Filed

So important a stage in the development of Edmonton and the districts tributary to it, as the throwing open at the land office this morning, of eighty townships, or 4,840,000 acres of land for settlement, was not marked by anything out of the ordinary of routine at the land office.

When this huge empire of virgin land was opened as free homestead land, many expected that there would be a tremendous rush of settlers seeking to secure the choice locations among these eighty townships.

Somewhere in the world today, there are the thousands of settlers that will eventually crowd over this big area and reap fortunes from the new virgin soil, but the thousands, nor even a fairly large fraction of them, were not in evidence when the clerks at the land office unlocked the doors for business at 9.30 this morning.

The 1,840,000 acres formally become open for homesteading purposes at 9.30. Only twenty new settlers were waiting to secure locations in this area. The majority of these twenty, outsiders most of them, secured farms in the land thrown open, some of them along the Grand Trunk Pacific west of the city, and others in other portions of the district not too far from a railway. They had their choice and got the very best selections.

The opening of the new land will not be marked by any particular rush of settlers at present. It is impossible at this time of the year for the settler to get out and look over his location before filing, and therefore there will be few applicants just now.

Agent K. W. McKenzie expects the rush to begin about the middle of April, and keep up until all the choice land in the new area is gone. He expects that the rush then will be tremendous, in view of the huge number of enquiries for land that have been received from time to time during the winter.

Rush for Valuable Land.

There was a small sized rush for locations in township 53, range 10, west of the fifth, which is the township immediately south of Chils Lake, and which is traversed by the main line of the Grand Trunk Pacific. This land is only fairly good for farming purposes, and it is believed that the significance of the rush is that there are valuable coal deposits on the land.

If this is the case, the land is particularly valuable being right on the main line of the transcontinental. Half dozen homesteads were filed in this township this morning, some of the fortunate ones being local men.

C. N. R. SECURING NEW COAL LANDS

Deal Understood to be Pending Whereby They Will Take Over Coal on Brule Lake.

Extensive coal lands on the shores of Brule lake, in the Yellowhead Pass, will be developed within the next year or two, if a deal that is now understood to be pending, whereby the railway company will take over the leases on the land, goes through.

The property is directly on the route chosen for the main line of the Canadian Northern through the mountains, and is understood to contain some rich coal. Negotiations with the railway company for the taking over of the land are now under way.

The main line of the Canadian Northern will parallel the Grand Trunk Pacific for a good distance through the Yellowhead. The C.N.R. already own huge coal areas in the Brazeau country, seventy-five miles south of their proposed main line, and their acquirement of new coal on the main line will place them in possession of a valuable asset.

GRAND TRUNK FREIGHT CARS ARE DITCHED

Toronto, Feb. 27.—Seventeen G. T. R. freight cars, heavily laden were thrown down the embankment west of the Humber river yesterday morning and piled in a heap. Most of the cars were reduced to kindling wood and their contents, consisting almost wholly of grain, was scattered broadcast. Alex Patton, a section man had his leg broken. The freight was bound from Port Huron to Portland. It was 10 o'clock last night before the line was cleared. The monitary loss will reach $25,000.

EVENTS TONIGHT.

Old McDougall Methodist church auditorium—Meeting of the citizens to discuss municipal affairs.

Norwood Block—Royal St. Georges Society will hold smoking concert at eight o'clock.

I. O. O. F. Hall, Norwood Boulevarde—Norwood lodge No. 44, I. O. O. F. will hold a meeting at eight o'clock.

Y. M. C. A.—Basketball, Dormats vs. Wanderers at eight o'clock.

Olympic Bowling Alleys—Exhibition match.

Curling—At Capital City, Granite and Strathcona curling rinks.

WILL NOT TAKE A. AND G.W. BONDS

Report Revived That Standard Trust Refuse to Sign Waterways Bonds and Demand Provincial Bond.

The story that the Standard Trust company, of Winnipeg, holders of the trust agreement between J. P. Morgan, the Alberta and Great Waterways railway, and the province of Alberta, regarding the disposition of the $7,400,000 bond money, of the railway company, have refused to accept the railway bonds issued and signed by Premier Sifton, and that they demand a new government five percent bond covering the entire issue, is being revived again in the city. Although the premier and others interested state that they know nothing of this, the report is given as absolutely correct from an authoritative source.

The Standard Trust company are at present holding the bonds in Winnipeg, which were signed some time ago by Premier Sifton, and it is said that they have an understanding with Morgan to refuse to initial the bonds that are now the subject of litigation in the Alberta courts. It is said that what Morgan wants is a new government bond that wil labsolutely protect the bondholders.

This will involve the province in a tangle from which it cannot extricate itself without a special meeting of the legislature to authorize special issue of bonds. The litigation between the province and the Royal bank to secure before two years' time.

control of the bond money cannot end

In the meantime the province has issued treasury certificates to the extent of $4,000,000, which have been sold in London at par 4 percent. It is expected that another issue of $3,400,000 wil be made in the near future.

C. P. R. HAS PURCHASED SALT MAKING MACHINE

London, (C.A.P.) Feb. 27.—James Hodgingon of Salford who sold the American rights of his salt making invention for five million dollars says the Canadian rights were sold a week ago to the C.P.R. who found brine along their lines. He refuses to state the price.

COUNCIL HAD THIRTY-ONE REASONS FOR DISCHARGING UTILITIES COMMISSIONER PUBLIC MEETING TO BE HELD TONIGHT

Statements Aver That Commissioner Lacks Business Ability—Has Lost the City Hundreds of Dollars by Mismanagement—Suppressed Reports Addressed to the Mayor and Council

Thirty-one reasons why Commissioner Bouillon should be discharged are submitted by the mayor and council in a statement which will be submitted to the ratepayers at the public meeting tonight. Lack of business ability, the issuance to the mayor and council of misleading statements and suppression of reports which it was his duty to bring before the mayor and council, and lack of harmony between the commissioner and the heads of departments, and between the commissioner and the council, are the three main heads under which the reasons for the utilities commissioner's dismissal are grouped. Upon the statements contained in the voluminous document prepared by the council, the affidavits to be made this afternoon will be based. The affidavits of the mayor and aldermen will be produced in court tomorrow morning when the hearing of the application for an injunction to restrain the council from dismissing the commissioner will take place before Justice Beck.

Tonight's public meeting for the discussion of the action of the council in dismissing Commissioner Bouillon will be held, in accordance with the proclamation of Mayor Armstrong, issued last week. Chief Justice Harvey and Justice Beck were consulted this morning as to the legality of holding a meeting, in view of the fact that the matters which must come under discussion bear upon the matters referred to in the injunction to be tried tomorrow morning in the supreme court. The city solicitor, J. C. F. Bown, and Geo. O'Connor who is acting with Mr. Brown, would assurance that in the event that a meeting could be held, without danger of the questions to be discussed being considered contempt of court by the judges. After consultation the justices decided that no matters to be considered at the meeting this evening in connection with the circumstances of Commissioner Bouillon's dismissal, should be considered contempt of court, so long as no remarks reflecting on the action of the court in granting an injunction, are made. Remarks relating to the action of the court, would be contempt, but the chief justice considered that as the questions to be brought up are matters of public interest, there could be no objection to the fullest discussion.

Mayor Armstrong and all of the members of the council who voted for the dismissal of the commissioner, will be there. Ald. Millar is still suffering from a severe attack of the grippe accrovated by his action in going out on Saturday evening with the object of participating in the proceedings of the special meeting, but he stated this morning that he was considering being present at the meeting. Alderman Gowan expects to be there, if the illness of Mrs. Gowan does not necessitate his remaining at home this evening.

His worship and a number, probably all of the members of the council who were instrumental in passing the motion of dismissal, will address the meeting, and among other prominent citizens who will speak in endorsement of the council's action, are J. C. Dowsett, S. Smith, Thomas Bellamy and Joseph Adair. Alderman McKinley will be present, but may not speak, while other members of the committee of citizens, formed for the purpose of fighting the Bouillon cause, will also be present on the platform.

The following is a statement to the ratepayers, prepared by the city council, setting forth at length the grounds on which Commissioner Bouillon was dismissed. The affidavits will practically duplicate the statement given below:

Statement to the ratepayers of the city of Edmonton, of the grounds of the majority of the council of the city of Edmonton for dismissing Mr. Commissioner Bouillon.

We, the majority of the aldermen of the city of Edmonton, beg to lay before you the following statement of the facts which led up to our lack of confidence in our utilities commissioner. While we desire to recognize certain good qualities in Commissioner Bouillon such as his personal honesty and his singleness of purpose yet we have come to the conclusion that he should no longer remain in office as utilities commissioner. The following are a few of the reasons which in our opinion justify us in this attitude. These may best be considered under the following heads:

A—Lack of business ability.

B—His misleading statements to the Mayor and Council and his suppression of reports which it was his duty to bring to the attention of the Mayor and Council.

C—Lack of harmony between the commissioner and the heads of the departments and between the commissioner and the council occasioned largely by the public utilities commissioner's abrupt methods and manner.

Of these in their order:—

A—Lack of business ability:

1. The greatest difficulties have arisen through his endeavor to run the business of the city, down to the remotest details, single-handed. It is a well recognized business principle that in large undertakings competent heads of departments, who have expert training in their particular department, must be employed and the responsibility of their departments must be placed on them.

One of his first mistakes was in compelling the different departments to apply to him personally for a requisition before even the most trival articles were purchased. At that time he made no exception no matter how great the emergency.

The following instances are worthy of notice:

2. Breaks in water mains.

3. In July 1910, Superintendent Biswanger applied to the utilities commissioner for eight locks for the exit doors of the Preston cars to prevent the doors from swinging open every time the cars stopped and to avoid the risk of persons falling out of the car. He repeated his request on September 15th. Up to the end of the year the locks had not been provided and during the month of January an elderly man was thrown through an exit owing to this neglect.

4. He employed an architect to make plans for the No. 5 fire hall but with false economy neglected to employ an architect to superintend the work. In the result we have a very inferior building with a crack in the north wall; evasion of specifications by adding an excessive quantity of sand in the plaster; substitution of ½ ceiling for ¾; jointing not being on solid bearings but between spaces; and generally speaking inferior workmanship throughout.

5. He approved in writing the plans for the new market building. Since the erection of the building it turns out that the ladies' and gentlemen's lavatories open directly from the main entrance, and the closets in the lavatories are constructed so small as to be useless.

Moreover the plans required a weight scale 8x14 ft 2 in. The excavation for this was completed and the scales ordered. It was then drawn to the attention of the commissioners that the scales were entirely too small and the order was changed.

The heating is defective, as the hot-air is brought through a pipe over the cold clay; and the building generally is entirely unsatisfactory.

6. Whilst the city had a contract for the delivery of lumber at $27.50 per thousand feet, he purchased from another company similar lumber at $35.00 per thousand.

7. Another instance which though causing only trival loss to the city but which clearly illustrates the cumbersome nature of the system introduced by him is shown by the fact that the street railway department lost $20.00 in carpenters' wages by waiting for him to sign a requisition for about $7.00 worth of lumber.

8. The exhibition officials have complained to the council that the payment of their accounts was delayed so that they lost a cash discount of 10 per cent, which they were to have received for cash payment.

9. The commissioner paid $250.00 for the electrical and air-brake equipment of each of 14 new cars purchased from the Ottawa & Preston Car company, and refused to consider a request that the same equipment could be installed here for $180.00 each. Three of the city $980.00.

10. One of his first acts was to place an order with the Algome Steel company for 625 tons of rails, the delivery of which was set for October 1910; and refused a slightly higher tender on which delivery was guaranteed before July 1st, 1910. This has resulted in delaying the completion of the extensions authorized until the coming spring and the city loses the interest on the money already expended—being for rails alone on about $30,000; and further held up the completion of the paving upon streets over which rails were to be laid.

11. About July 15th last the street railway superintendent had on hand in his department some 23,750 pounds of scrap iron and had a standing arrangement with the Edmonton Ironworks to purchase scrap at $20.00 per ton.

The utilities commissioner took the selling of the scrap iron into his hands; called for tenders and received $17.50 per ton from the same company, losing the department $2.50 per ton, plus the cost of advertising.

12. He allowed the streets cars to be operated without advertising for five months losing the department at least $600.

13. In June and again in September the utilities commissioner was applied to for destination signs for the street cars but up to the present time (although the council in open meeting repeatedly brought this to the attention of the commissioners) proper signs have not been furnished.

14. He delayed the placing of the order for a diamond, proposed to be laid on Syndicate avenue, from the month of August until so late that the diamond can not be installed until spring.

15. He refused requisition for two spare motors causing one car to be continuously idle in the barns.

16. In constructing an extension to the car barn he altered the plans so as to reduce them piece necessary to accommodate the boiler and was later compelled to tear down a portion of the 12 inch cement wall and excavate for a distance of 10 feet under the building.

17. He delayed the construction of the car line on Edward street until the frost was in the ground and when it became necessary to build a siding it cost the department $507, when if he had issued instructions promptly it could have been done for about $100.

18. An offer was received from the

(Continued on Page Four.)

IN CITY TO FIGHT SUIT AGAINST G.T.P.

Member of Former Contracting Firm on G.T.P. Main Line Comes From States to Sue Railway Company for Sixty Thousand Dollars

To fight his suit against the Grand Trunk Pacific railway, for $50,000, balance due on supplies purchased for a contract never taken up, B. P. Wickam, of Council Bluffs, Iowa, is in the city today, a guest at the Alberta. The suit will come on for trial this week in the supreme court. Mr. Wickam is accompanied by his brother, E. A. Wickam, and the bookkeeper of his firm, all of whom may be witnesses in the case.

B. P. Wickam was a member of the former firm of Alfred and Wickam, who held contracts on the Grand Trunk Pacific main line west of Edmonton, and who two years ago, were preparing to take the contract for the construction of the main line west of the McLeod river. In the statement of claim, Mr. Wickam alleges that the Grand Trunk Pacific gave him to understand that he would secure the contract, and the contractor immediately set about taking in supplies. He put in an odd $160,000 worth, and when he eventually did not secure the contract the supplies were sold for $100,000. Mr. Wickam is suing for the balance of the amount.

Evidence has been taken by a commission from Frank Alfred, former partner of the firm; who is now in Chicago, holding an important position with one of the big railway lines. Evidence has also been taken from E. J. Chamberlin, general manager of the Grand Trunk Pacific, who was served with a summons while in the city some months ago.

ROBBERS MURDER BRITISH SUBJECTS

Small Town in Caucasus Scene of the Crime—Cossacks Are Searching for the Criminals.

London, (C.A.P.) Feb. 27.—James McCarvey an oil field managers, and Talbot Barnard who recently returned from a trip to Canada, have both been murdered at Groney in the Caucasus. Armed robbers attacked the house while MacGarvey, his wife and Barnard were at supper, the robbers intercepted a boy who ran to give the alarm, killing him and also the watchman.

They then attacked MacGarvey who was killed with long Caucasian knives. Barnard tried to carry Mrs. McGarvey into safety but was overtaken and murdered but the lady was only stunned. The murderers then stabbed the cook and finally decamped with a hundred pounds in cash. Two natives implicated have been arrested but a third evaded arrest by shooting himself. The Cossacks are still scouring the country for others of the gang. Mrs. MacGarvey was brought into the hospital at Vladikaukaz and her condition is not now serious. MacGarvey was father of the wife of Dr. Stanley Blaker of Grodfield road, Ealing, London, and he occasionally visited there. Mrs. Blakey leaves for Russia today to bring back Mrs. MacGarvey. Barnard's grand-mother was the great caling Philanthropist. His wife and children were on the point of joining him.

OPPOSE RECIPROCITY.

Opposition in U. S. Senate Expects to Shelve Bill and at Same Time Avert Special Session.

Toronto, Feb. 27.—Washington special to Telegram this morning says, the Senate will come to a vote on the reciprocity bill if the opponents of the agreement think they are strong enough to beat it. That's the outlook this morning and the beginning of the last week of this congress. They are doing a lot of canvassing in the hope that at one stroke reciprocity will be defeated and an extra session averted.

THE WEATHER.

Winnipeg, Feb. 27.—The weather in the prairie provinces has been generally fine and has turned very cold during the night.

Forecast—Manitoba and Saskatchewan, fine and cold today and Tuesday.

Alberta—Fine and cold today and Tuesday.

ANOTHER PETITION BEING CIRCULATED

Expresses Approval of Council's Action in Dismissing Utilities Commissioner—Expect to Secure 1000 Signatures by Night.

Petitions approving of the action of the council and mayor in their actions respecting the dismissal of Commissioner Bouillon are being circulated throughout the city. Eight copies of the petition for which Mr. Livingstone on whose initiative it was started, is responsible are in circulation. It strongly expresses disapproval of the action of those who endeavored to make the members of the council resign. Mr. Livingstone states that he is quite confident that by this evening he will have the signatures of fully one thousand ratepayers and electors to the document. The petition reads as follows:

To the Mayor of the City of Edmonton:

Gentlemen,—We the undersigned electors and ratepayers of the city of Edmonton desire to express our confidence in you and approval of your administration and actions respecting the dismissal of Mr. Bouillon.

We also strongly disapprove of any of the aldermen who supported the action of those who endeavored to make we pledge our hearty support. We declare the action of certain resident in their endeavor to prevent the council from doing what they as our representatives see is best for the city.

PRESENTATION TO McNAUGHTON McCULLOUGH ALSO REMEMBERED

Former Power House Superintendent Recipient of Gold Watch from Employees of the Plant.

Peter McNaughton, ex-superintendent of the city power plant, was the recipient on Saturday afternoon of a handsome gold watch, from the sixty employees of the department who gathered in the offices at the plant at four o'clock at the hour of changing shifts. The presentation was made in behalf of the staff by Chief Engineer Cope, who spoke of the high esteem in which Mr. McNaughton is held by the employees of the department, and expressed regret at his departure from the service. D. McCullough, who recently resigned from his position as chief accountant of the power plant, was the recipient of a gold mounted fountain pen.

DISTRICT COURT.

Judgment for the plaintiff with costs was given by Judge Taylor in the District court today in the case of W. H. Kennedy vs. Bruce Thompson in an action to recover $57.70 on a promissary note.

Judgement was reserved in the case of Potter and McDougall vs. J. S. Valentine. The action was an action to recover $5.70 on account.

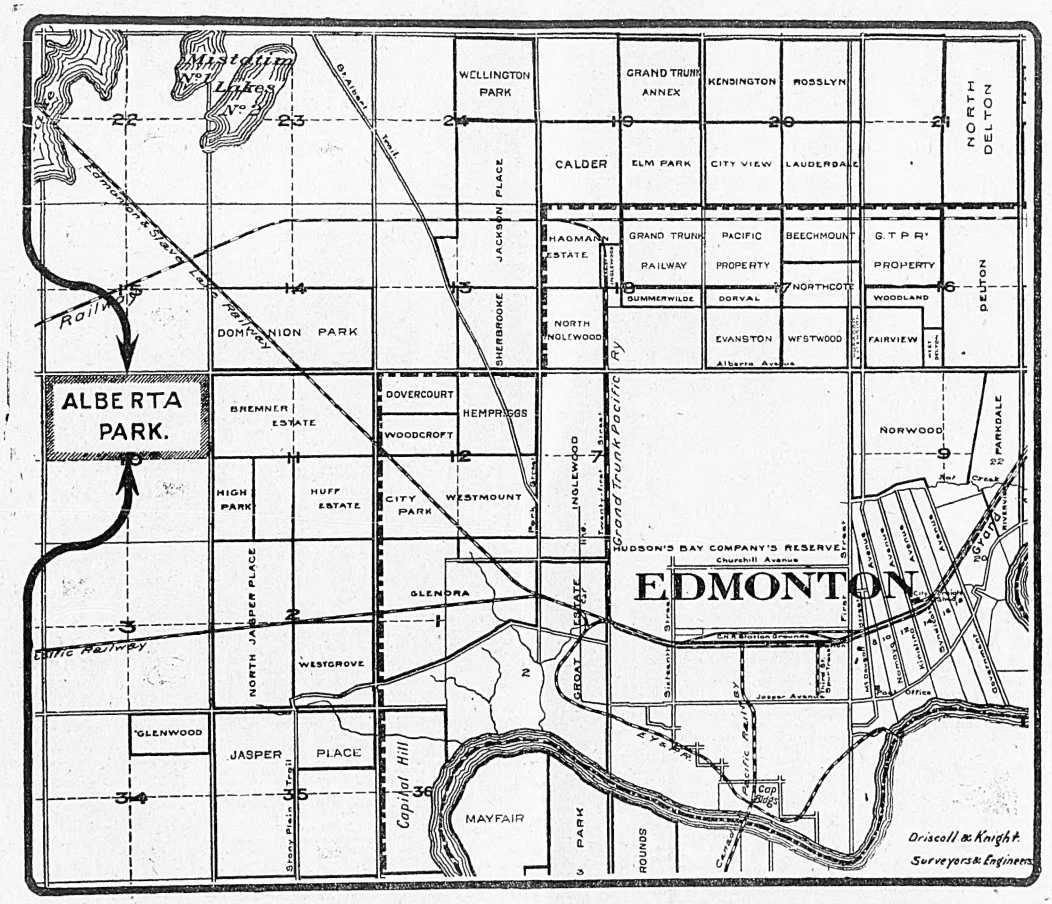

Declare Yourself in With the Wise Ones

Buy Acreage in Alberta Park

THE Best Buying in Acreage in the Province of Alberta. Blocks facing on Alberta Avenue one mile from the city limits. Located in the direction in which the city is growing most rapidly. Correctly arranged for redivision into city lots.

An Attractive Proposition

Alberta Park has features which will recommend it at once to the intelligent investor. Located within one mile of the city limits, it is certain to come within the scope of residential settlement in a comparatively short time. The trend of development in the city today is west and northwest and Alberta Park lies right in the path of the most rapid extension of the city: Observers who have noticed the advances in property value which have been made in west end suburbs will recognize at once that the continuation of this development is certain to make Alberta Park property very valuable. Groat Estate, Inglewood, North Inglewood and Hemprriggs property has increased in value within the past two years by 200 to 500 per cent. and the astute property owners in these sections recognize that the advance has only just commenced. Alberta Park is certain to come within the radius of this advance in the immediate future, and at the price at which it is selling today it offers an absolute certainty of handsome profits.

The Right Time TO BUY

The activity which has set in in the west end makes it certain that this property will be all closed out before many weeks. Already nearly 25 per cent of the property has been sold, and the balance will go very rapidly. The purchasers who get in now have the advantage of the choice of the blocks which are left and still have an opportunity to make a favorable choice.

Remember that the first purchasers in Norwood, Belvedere, Inglewood and practically every subdivision that has ever been put on in Edmonton reaped the big rewards and got the quick profits. Lots in Norwood on First Street which were sold on the first allotment at $120 are being advertised today at $1,450 each. These were first choice lots then and they are first choice now. The blocks in Alberta Park along Alberta avenue which are being picked up now at $250 to $300 will be first choice a year or two years from now at prices very much in advance of present quotations.

Five-Acre Blocks $250 an Acre

TERMS — One Quarter Cash; Balance Six, Twelve and Eighteen Months

F. FRASER TIMS, 120 McDougall St., EDMONTON
PHONE 4265. EDMONTON, ALBERT A, CANADA, 120 MacDOUGALL ST.

DUCHESS OF ALBANY IS 50 YEARS OLD

Is One of the Most Popular Members of England's Royal Family—No Taste for Society.

London, Feb. 17.—The Duchess of Albany who married Prince Leopold, youngest son of Queen Victoria, in 1882, celebrated her fiftieth birthday anniversary today at Claremont House, her residence in Surrey. She received a large number of telegrams and letters of congratulations, among them being messages from the King and Queen, the German Emperor and Empress, and other members of the royal family.

The Duchess of Albany is one of the most popular members of England's royal family. Her popularity is due in a measure, doubtless, to the fact that only two years after her marriage to Prince Leopold the latter died suddenly, leaving her, as it were, a ward of the nation. Before her marriage she was Princess Helene, daughter of the late Prince George of Walbeck and Pyrmont. She is related to many of the reigning houses of Europe in her own right, the queen mother of Holland being her sister.

The Duchess is known as a woman of no common calibre. She has no taste for society or the frivolities of court life, but is able to engage in intelligent discussion of public questions of the day and is wel liversed in many branches of science. As she herself has expressed it, she "likes to see how things are done." It is no unusual thing for her to visit a manufactory, a ship builder's, or philanthropic institution and ask to be shown round, taking the keenest interest in all details and asking many leading questions.

The only daughter of the Duchess of Albany became the wife of Prince Alexander of Teck in 1904. Her son, who is now in his twenty-eighth year, relinquished the title of Duke of Albany when he was called to succeed his uncle on the throne of Saxe-Coburg and Gotha about ten years ago.

After twenty years of service all postmasters and clerks in Germany receive a pension from the government, and after forty years a full pension, in addition to the regular salary.

Recently thirteen small societies of gold and silver workers in Sheffield, England, combined into one trade union, and the pottery workers' unions in that district have also been consolidated.

The woman's missionary society of McDougall Methodist church will hold their regular monthly meeting in the lecture room of the church at 3 o'clock Tuesday afternoon.

Electric Restorer for Men

Phosphonol restores every nerve in the body and brain to its proper tension; restores vim and vitality. "THE HOME OF GOOD BOOKS"

The Douglas Co., Ltd.

IMPERIAL WEDDING ANNIVERSARY

Berlin, Feb. 27.—The German Emperor and Empress, who were married February 27, 1881, when the former was Crown Prince William, and the latter Princess Victoria of Schleswig-Holstein, today received innumerable messages of congratulation and many valuable presents on the occasion of their thirtieth wedding anniversary.

NAVY DIRECTOR RETIRES

Washington, D.C., Feb. 27.—Medical Director Paul Fitzsimmons was placed on the retired list of the navy today, on account of having reached the age limit for active service.

NEW ORLEANS CARNIVAL

New Orleans, La., Feb. 27.—What is believed to be the largest carnival crowd ever gathered in New Orleans today witnessed the arrival of Rex, marking the formal opening of the Mardi Gras festivities. Thousands of persons greeted the King of the Carnival as he came up the Mississippi river and landed from the royal yacht. The formality of turning over the keys of the city to him followed.

ROBIN UP FOR TRIAL

New York, Feb. 27.—Joseph G. Robin, the bank promoter, whom a judge and jury recently declared sane in spite of the testimony of so-called eminent insanity experts to the contrary, was arraigned for trial today in the criminal branch of the supreme court. He is to be tried on indictments charging him with the receiving of funds from the banks in which he was interested.

AGAINST PARCELS POST

Nashville, Tenn., Feb. 27.—Leading retail merchants from all sections of the south are arriving in Nashville in anticipation of the opening of the interstate convention here tomorrow. The primary purpose of the convention, as stated in the call for the gathering is to protest against the passage of the parcels post bill in congress.

KILLED SWEETHEART

Denver, Colo., Feb. 27.—The case of Michael H. Murphy, a member of the Denver fire department who is charged with the murder of his sweetheart, Anatolia Wunderlee, came up in court for trial today. The alleged murder occurred on January 15 last. Murphy shot and killed the girl while she was on her way home from church.

MARDI GRAS AT PENSACOLA

Pensacola, Fla., Feb. 27.—Army troops, sailors from the United States battleships, mounted knights and city officials participated in the gorgeous parade here today in honor of the arrival of King Priscus and his court, marking the formal opening of the annual Mardi Gras carnival. Thousands of visitors witnessed the festivities.

CHIEF OF POISON SQUAD WEDS

Washington, D.C., Feb. 27.—Only relatives and a few intimate friends were invited to the wedding today of Miss Anna Campbell Kelton and Dr. Harvey W. Wiley, Chief Chemist of the Department of Agriculture. The ceremony was performed at noon at the home of the bride's mother, Mrs. John C. Kelton, and was followed by a break fast and reception.

HARDWARE DEALERS MEET

Cincinnati, O., Feb. 27.—More than 3,000 hardware dealers representing every section of the country are expected to attend the annual convention of their national association, which will begin its sessions in Music Hall in this city tomorrow. Elaborate entertainment has been provided for the visitors.

AID STAGE CHILDREN

New York, Feb. 27.—Under the patronage of the National Alliance for the Protection of Stage Children, of which Daniel Frohman, Augustus Thomas, Mrs. Fiske, Julia Marlowe, Francis Wilson, and other persons prominently connected with the stage are active members, a mammoth performance was given in the Metropolitan Opera House this afternoon to enlist public attention in the interest of the children of the stage.

The alliance has been working for several years to bring about the repeal or modification of the laws restricting or preventing the appearance of children on the stage. The complaint is especially strong against the existing laws in the states of Massachusetts, Kentucky, Illinois and Louisiana. In these states the law absolutely bars children under the age of sixteen from appearing in theatrical performances.

The first union of the fur cap makers was formed in New York City recently and it intends to demand higher wages and a shorter workday for its members.

The Australian Labor Conference, which controls the leagues throughout the whole Federation, has declared for a forty-four hour week, and a six-hour day for women employed in factories together with a minimum wage of eight shillings per day.

The Order of Railway Telegraphers will celebrate its twenty-fifth anniversary in June of this year, and has adopted as a battle cry, "Complete and thorough organization."

WALES AND IRELAND TIED

Edinburg, Feb. 27.—In the international rugby match here Saturday, Ireland beat Scotland by 16 points to ten. Wales and Ireland now lead with two wins each. They play March 11.

Quality high, price low, for the newest in spring hats at the Boston.

PUBLIC MEETING OPEN TO DISCUSS BOUILLON AFFAIR

By the application for injunction the applicants placed the whole question of the dismissal of Mr. Bouillon in the hands of the court.

Any discussion of a case in court is contempt of court.

Consequently, by a literal interpretation of the law, any ratepayer who goes to the public meeting this evening and undertakes to discuss the dismissal of Mr. Bouillon is open to prosecution for contempt, and is liable to fine or imprisonment, or both.

However, upon representations made by the city council, the justices of the supreme court, in conference, have consented, unless the utterances are such as are manifestly intended to bring the court into contempt, to take no cognizance of the speeches made at the meeting.

In other words, speakers may say as much about the action of the city council or about the action of the group of citizens who are trying to suppress constitutional government in the city as they choose, but they cannot discuss the wisdom or otherwise of the court in granting the injunction restraining the city council from dismissing Commissioner Bouillon. Neither can they say that it would be an unwise thing for the court to grant the application to make the injunction permanent.

This decision on the part of the judges gives plenty of scope for discussion. If the men who think that Mr. Bouillon, with all his idiosyncracies and with his record of failure during the past year, is still more competent to handle the affairs of the city than any other man who might be employed by the council which the ratepayers have elected, that he should be placed in a position superior to the elected representatives of the people, that he should be allowed to flout, insult and ignore the people's representatives, and that he should be crowned czar and despot of the city of Edmonton, tonight atives, and that he should be crowned czar and despot of the city of is the time when they have an opportunity to come forward and make their statements.

To undertake to claim that Edmonton is not competent for self-government, that it should be placed in the same class as some Philipino village or some Hottentot dependency, where an appointed dictator rules and where the residents have nothing to say is taking pretty broad ground, and undoubtedly the men who would upset constitutional government and set up an appointive oligarchy will find that their ideas will not be adopted without protest.

GOVERNMENT BY INJUNCTION IN EDMONTON

Through the action of certain citizens the city of Edmonton has come in for an entirely new prominence—the prominence of being the first city in Canada West to have government by injunction.

On representations being made to the chief justice to the effect that certain members of the city council, in their action to dismiss Commissioner Bouillon, are actuated by motives of personal animosity and that they are not guided by the best interests of the city, an application is granted to restrain the city council from holding an advertised meeting for the purpose of discharging the commissioner.

Application is also made to have the injunction made permanent.

If this application is granted the city will have in its employ as the head of its administrative department a man whom the council, elected by the people, will have no power to discharge. To all intents and purposes representative municipal government would thereby be set aside and the commissioner, with the enormous powers vested in his office by the charter, would be the dictator and czar of the city of Edmonton, free to conduct the affairs of the city as he might see fit, unhampered by any restraint by the city council, answerable to no one but himself, and immovable during the life of the injunction.

The council's powers under the charter are limited. When a commissioner fails to make good, the only power the council has is to dismiss the commissioner. If these powers are taken away from the council, the aldermen, who represent the people, lose all power and the commissioner, who is merely an employee of the city, becomes the head and whole of the city's administration, absolute in his power, but responsible to no one.

The permanent injunction would make a public servant the public's master, and the public would have no recourse.

As the application for the injunction is now in the hands of the court it is illegal for any newspaper to discuss the merits of the case, and consequently the Capital cannot do so now and here.

But the intelligent people who can see things clearly will be able to recognize the menace to the city of Edmonton in a move which contemplates taking out of the hands of all responsible office holders the three million and a half worth of public utilities and placing the same in the hands of any man not answerable to the public who own the utilities.

When it is contemplated to place these utilities absolutely in the hands of a man such as Mr. Bouillon, whose record shows that he has not made good, and who has exhibited mental characteristics and temperamental handicaps which render nugatory the usefulness to the city of any abilities which he may possess, the possibility of irreparable disaster to the whole group of municipal enterprises which the city has built up at such enormous cost is so genuinely real as to give patriotic citizens food for most profound thought.

Irresponsibly managed for one year, it is quite possible that the whole of the municipal utilities might be placed in bankruptcy and the sheriff in the city hall with the city of Edmonton left holding the bag.

SELF-ELECTED SUPERIOR CLASS IN EVIDENCE.

Robert Farquharson, in his affidavit to the chief justice, says that between 75 and 100 met in the board of trade rooms and adopted a resolution asking the mayor and council to resign.

Robert Farquharson is a clerk in a real estate office. He has never been a member of the city council and has never been elected to any public office.

J. H. McKinley makes affidavit to the effect that irreparable damage will be done to the city by the dismissal of Mr. Bouillon.

Alderman McKinley was elected to the city council by the lowest vote of any candidate who reached the council chamber.

These two make the affidavits.

They claim that the 75 or 100 who met in the board of trade are the voice of public opinion and that the alderman who secured the least number of votes is more entitled to represent the people who elected the city council than are six others who were elected by larger majorities than he received at the hands of the electors.

They ask the court to restrain the council, which was legally and constitutionally elected, from doing the things which in the council's judgment is the right thing to do, and in making this demand they take the position that they, and not the council, are qualified to judge what is best for the city.

Based upon these affidavits, C. Gallagher makes application to have constitutional government set aside.

C. Gallagher is not a member of the city council and has not placed his name before the electors for any public office for many years. There is absolutely nothing to show that he would get a majority vote of the ratepayers if he offered himself for election.

Among the applicants for the injunction is the name of H. J. Dawson.

Mr. Dawson ran for public office in the city only once. On that occasion he was hopelessly defeated as a candidate for Mayor.

Among the names on the petition and the application there are very few who are not qualified to become candidates for councillor. If they did not believe that the men who offered themselves represented public opinion they had the patriotic citizen's remedy of themselves getting out and beating the candidates offering.

The wonder is now that these people who make the application for a restraining order had not thought it their public duty when the elections were being held to run for council.

Either they were negligent of their public duty and were willing to shirk the responsibilities of public office, or they felt that they would not be accepted by the ratepayers and refused to run for fear that they would meet defeat.

On either count they disqualify themselves.

A citizen who will shirk his public duty at any time has no right to arise in the heat of a discussion, announce himself as the spokesman of the people, and throw opprobium on the men who have undertaken to serve the city.

A citizen who cannot get a majority vote does not represent the voice or sentiment of the ratepayers.

These people who, without election, arrogate to themselves the right to represent the people, who constitute themselves the self-elected, superior class, are taking a stand which is not within reason.

COUNCIL HAD 31 REASONS FOR

(Continued from Page One.)

Allis-Chalmers company to repair the gas producer plant at a cost of $31,000 with a $15,000 guarantee that the plant would operate continuously for one year at a cost of .85 cents per K.W. hour. This offer required acceptance within 30 days but he delayed in accepting it too long and the company refused to make a new offer on this basis.

Subsequently he reported to the council that he had made a new arrangement for repairs to the plant for $22,000 but up to date the repairs have cost about $27,000; the gas producer instead of being in operation on October 15th last as stated by him will not be finished for some time and the city has no guarantee that the plant will ever operate.

He stated to the council that in the latter arrangement he could not ask the company for a guarantee as they were sending an engineer to Edmonton free of charge to make the repairs. We now find that we are paying that same engineer $6.50 per day and expenses.

19. Last June the filteration plant went out of order. The official in charge offered to fix it in 96 hours but the public utilities commissioner insisted on bringing a specialist from Montreal at an expense of between $200 and $400; when the expert arrived he told the commissioner that any mechanic in Edmonton could have fixed the plant in a few days.

20. He allowed the sedimentation basin to remain out of repair from August to the present time so that it will not be in operation in time to filter the turbid water in the coming spring.

21. In the estimates for 1910 a sum was included for the purchase of coal crushing and ash removing machinery. On the arrival of the commissioner this was brought to his attention but he has delayed the ordering of this machinery so that it cost during the present winter about $3,000 extra for handling coal in wheel-barrows, etc.

22. He accepted the tender of Messrs. Manson & Dunlop for concrete and pile driving in connection with the Groat Ravine bridge without the deposit cheque called for. He then delayed the awarding of the contract for a considerable time so that Manson & Dunlop refused to carry out their con-

(Continued on Page Five.)

The building owned by C. P. Hennig, 442 Namayo avenue, caught fire on Saturday afternoon and it was only after a stiff fight that the blaze was brought under control. The damages is estimated at $3000, while the building and contents were insured for $10,000. The fire originated in the basement, evidently from combustion of oil or gasoline.

COUNCIL HAD 31 REASONS.

(Continued from Page Four.)

tract and the work had to be done by the city at an increased cost owing to the delay; and the city had no recourse as there was no deposit cheque.

23. In many other instances his insistence on assuming the multitude of duties which arise in the conduct of the business of a city which operates all of its utilities, led to the inevitable neglect of certain important matters which have caused a considerable loss to the city.

Misleading Statements to the Mayor and Council and suppression of Reports

24. He stated to the Mayor at a commissioners' meeting recently that Messrs. Ormsby and Latornell had informed him that they did not think it advisable to go east to inspect certain machinery proposed to be purchased by the city until the tenders for that machinery were received. Messrs. Ormsby and Latornell deny that they made any such statements. On the statement of Mr. Bouillon the Mayor agreed to the delaying of the trip.

25. On the 27th January, 1911, the superintendent of the street railway reported in writing to the commissioners recommending against the construction of a connection of the street railway between Namayo avenue and First street via Sutherland street. The report was never brought to the attention of the Mayor, who is one of the commissioners and was not submitted at any commissioners' meeting.

26. At the meeting of the council in committee to consider estimates for 1911 the over expenditure on capital account of some $26,000 in the power department during 1910 was excused on the grounds that Mr. Bouillon had requested the power house superintendent on several occasions to give him a financial statement concerning the power department, which statement Superintendent McNaughton had refused to give, therefore, he (Bouillon), was not able to make any statement in reference to the finances of the power house department further than that McNaughton always stated "there was plenty of money."

The council find that the only request made by the commissioners for such a statement was on June 20th, 1910, and was complied with June 30th, 1910.

27. On another occasion he stated to the council, when being pressed as to why the roof of the pump house was not being hurried forward to completion, that the delay was caused by the Edmonton Ironworks failing to supply the steel; that he had been after them continuously for some time and would take the matter up again immediately with them and see if it could be hurried forward.

As a matter of fact the contract had not at that time been let and the steel was actually delivered 14 days after the contract was let.

28. On February 3rd, 1911, a letter from the superintendent of the street railway department to the Mayor and council was received by the commissioners, Bouillon and Butchart, but was never received by the Mayor and council.

Lack of Harmony, etc.

29. When the council of the present year assumed office they found considerable dissatisfaction with the previous conduct of the city's business. On January 10th they passed a resolution that a committee of the whole council inspect the public departments. In the course of our inspection some of the foregoing matters were brought to our attention.

After this inspection the commissioners summarily dismissed the superintendent of the street railway and the superintendent of the power department, in spite of the protest of the Mayor. When the Mayor requested a reason for the dismissals Commissioner Bouillon replied that it was "in the public interest."

We learned that three of the most valued heads of departments, namely, Chief Davidson of the fire department, Chief of Police Lancey and Stores Superintendent McPherson, proposed to resign from the city's service. On investigation we found that although these gentlemen had been involved in no personal difficulties with Commissioner Bouillon yet that they felt that their tenure of office from the city was too precarious to warrant them in continuing in the employment of the city, feeling that they could not afford to refuse other employment in view of the uncertainty of office under the then regime of the city.

30. On February 14th at a regular council meeting Commissioner Bouillon was present. At a previous meeting a commissioners' report recommending that Commissioner Bouillon be granted three weeks leave of absence from February 15th was not adopted. Subsequently it was agreed that he should be permitted to go to Seattle when his presence was required there. At the meeting on February 14th the leave of absence was again discussed. Commissioner Bouillon addressed the council in an excited manner and stated he did not propose to be represented during his absence by a "cheap politician" (referring to a suggestion to appoint Alderman Grindley to assist the commissioners during his absence); and also referred to Alderman Mould as having constituted himself his sworn enemy.

Alderman McInnis stated that he could not approve the commissioner's leave of absence owing to the fact that the positions of superintendents of the two most important utilities had been declared vacant by the commissioners.

While Alderman McInis was speaking on this subject to the council and particularly to Commissioner Bouillon, Commissioner Bouillon, rudely left the council chamber.

31. The next incident that occurred was at a meeting of the committee of the whole council on February 21st.

We may say here that we quite understand that many of the fore-going matters might possibly be explained if the public utilities commissioner were minded to explain frankly and fairly to the council; in fact Commissioner Bouillon had asked the mayor for an opportunity to explain and was assured of such. In order to give him such an opportunity we held the meeting in question but so as not to discredit the conduct of the city business we decided to follow a common procedure in committee meetings and allow only those persons to be present who could be of assistance in the matter, including the former heads of departments; and we may say here that Mr. Bouillon at no time made any objection to their presence.

We despatched a messenger to ask Commissioners Bouillon and Butchart to attend the meeting and after waiting more than twenty minutes they came to the meeting.

Alderman Mould then rose and said that this meeting was in pursuance of resolution passed by the council January 10th deciding to have the council in committee of the whole inspect the public departments. Mr. Mould proceeded to ask Commissioner Bouillon how many times he had visited the new fire hall during construction.

Commissioner Bouillon then began to speak in an excited manner and said that he would not be investigated by any committee, more especially one of which his personal enemy (referring to Mr. Mould) was a member. From that time Commissioner Bouillon was on his feet and addressing the council in an excited manner for at least half an hour subject to occasional interruptions by the members of the council. In the course of his remarks he referred to the council as a number of "cheap politicians" and demanded of the council why they had not produced the instruments of torture and compared the meeting to a Star Chamber session and an inquisition. He refused to answer any questions put by the committee unless they were reduced to writing and unless he was given ample time to reply to them.

He demanded a judicial investigation with sworn testimony. We felt that we should first have some explanations before going further but he continued to tirade the council.

In view of his refusal to give any explanation and in view of his attitude to and expressed opinions of the council we felt that it was no longer possible to work harmoniously with him.

We had clearly come to an "impasse" which could only be solved by the dismissal of the commissioner or the resignation of the majority of the council.

In as much as we felt that we were in the right and in as much as the city charter provides no machinery for the re-election of a new council after the resignation of a majority of the members we felt we had no alternative except to dispense with his services.

Injunction Granted.

The meeting of the council called for Saturday evening failed to materialize, owing to the fact that an injunction restraining the council from taking any action was granted by Chief Justice Harvey.

The meeting was set for 8.30. All day the pro-Bouillon forces had been engaged in an effort to obtain an injunction which should prevent the holding of the meeting, and at 7.40, obtained from Chief Justice Harvey a favorable response to their application for an injunction. Upon the reading of certain affidavits, by J. H. McKinley, H. Milton Martin and others, and upon the application of C. Gallagher, his lordship granted an injunction, restraining the council from holding a meeting to dismiss Commissioner Bouillon until Tuesday noon. Meanwhile, the mayor and council are required in accordance with the terms of the injunction, to attend the hearing of the application in chambers at 10.30 tomorrow morning.

According to the injunction the plaintiffs are C. Gallagher and "all the other electors and ratepayers of Edmonton."

Anticipating that the confusion into which municipal affairs have been thrown during the past week would be finally brought to an end by the discharge of Com. Bouillon, citizens began to flock to the city hall at an early hour, and at 7.30 the council chamber was filled. Four constables were placed on duty, two at the city hall main entrance, and after the council chamber was filled, no person, other than the officials of the city and newspaperamen, was allowed to enter the building.

The injunction was delivered shortly after 8 o'clock. Escorted by H. Milton Martin, O. M. Biggar, who had been engaged by the interests which are supporting the public utilities commissioner, entered the secretary treasurer's office, where Ald. McInnis and Gowan were awaiting the arrival of the mayor and the remainder of the council, prior to the opening of the meeting.

A writ was delivered to each of the aldermen. Ald. McInnis and Gowan at first declined to receive theirs, but were informed by the city solicitor that the meeting could not be held in any event. Smilingly Mayor Armstrong and Ald. Mould accepted the injunction which thwarted the council from taking further action, and it was with an appreciation of the humor of the situation that the aldermen discussed the new development.

Entering the council chamber his worship announced the postponement of the council's action.

"Gentlemen, an injunction has been served on the council restraining them from taking action, and in consequence a meeting cannot be held tonight," he said.

The injunction reads as follows:

IN THE SUPREME COURT OF Alberta

Judicial District of Edmonton

THE HONORABLE THE CHIEF JUSTICE OF ALBERTA, EDMONTON, (Saturday, the 25th day of Feb., 1911.

BETWEEN:

C. Gallagher, suing on behalf of himself and all the other ratepayers of the city of Edmonton, Plaintiff,

—and—

George S. Armstrong, H. L. MacInnis, John Lundy, Charles Gowan, James W. Mould, John Miller, T. M. Grindley, James H. McKinley and J. D. Hyndman, the Mayor and Aldermen of the city of Edmonton, and the said city of Edmonton, Defendants.

Upon the application of the plaintiff, upon reading the affidavits of J. H. McKinley, M. Milton Marion, C. Gallagher, Robert Farquharson, H. H. Hyndman, Frank B. Smith, R. H. Alexander and H. J. Dawson, filed on the day of the date hereof, and upon hearing what was alleged by the counsel for the plaintiff, and the plaintiff by his counsel undertaking to abide by any order which this court may make as to damages if it should be of opinion that the defendants have sustained any by reason of this order which the plaintiff ought to pay,

It is ordered that the defendants, and each of them, be and they are hereby restrained from acting upon the notice of a special meeting of the city council of the City of Edmonton called for Saturday, February 25, at 8.30 p.m. marked as an exhibit to the affidavit of James H. McKinley, sworn herein and from at such meeting or any adjournment thereof any resolution dismissing A. V. Bouillon, one of the commissioners of the City of Edmonton from his office until Tuesday, the 26th day of February, 1911, at noon.

And let all parties attend before the Judge presiding in Chambers at the Court House at the City of Edmonton on Tuesday, the 28th February, 1911, at 10.30 o'clock in the forenoon on the hearing of the application of the plaintiff for an order restraining the defendants from dismissing said Bouillon. This injunction until the trial or other final disposal of this action. The plaintiffs to have leave to file further affidavits on the return hereof.

(Sgd.) HORACE HARVEY.

Entered February 25th, 1911.

(Sgd.) ALEX. TAYLOR, O.S.C.A.

Following is a synopsis of the affidavits filed with the Chief Justice on the basis of which he granted the injunction restraining the council from holding the special meeting on Saturday evening:

Synopsis of Affidavits.

C. Gallagher, Frank B. Smith, R. H. Alexander, H. J. Dawson, H. H. Hyndman and H. Milton Martin:

That they are electors of the city of Edmonton.

That they believe that the defendants intend to vote for the resolution for dismissing A. V. Bouillon on account of personal ill-feeling against said commissioner and not for the benefit of the city of Edmonton;

A public meeting has been requisitioned to discuss the propriety of dismissal and called for Monday;

Special meetings of the Council for dismissal called for today so that dismissal may be put through before it can be publicly discussed; even if those members of the council who vote for dismissal are compelled by force of public opinion to resign dismissal will be effective and city will lose services of commissioner permanently owing to delay and other chances which may intervene between such dismissal and the possibility of re-appointment; or the determining of the question whether the notice of tonight's meeting is sufficient.

Are of opinion an irreparable injury will result to the city by the dismissal and that he will be dismissed unless an injunction is granted.

Robert Farquharson:

That he was present at the meeting of the electors at the board of trade offices on Wednesday to protest against the action of the members of the council;

That he believes the meeting was not called for the purpose of getting together the friends of the commissioner but notice was sent to number of prominent citizens and the meeting was representative; about 75 or 100 being present.

The meeting unanimously passed the resolution set put in exhibit "A."

Verily believes the resolution represents concensus of opinion of the citizens.

J. H. McKinley, Alderman:

One of the defendants and a member of the council:

About a month ago on suggestion of Mould, committee authorized to enquire into state of public utilities; about time of appointment of committee it was suggested that some of members of council bore personal grudge against Bouillon and purpose of appointment of committee was to obtain a reason for dismissing him.

Committee held number of meetings, and enquired into state of utilities and at regular meeting of council 14th February acrimonious discussion in course of which Bouillon said he would not be investigated by committee of which his personal enemy was chairman.

The committee have a further meeting forenoon 21st February, the discussion was acrimonious. At the regular meeting the same evening following resolutions were put and carried.

Defendants, except himself and Hyndman, voted in favor of resolutions; Hyndman absent. I only dissentient member—

"That in the opinion of this council satisfactory cause has been established to justify the dismissal of Commissioner Bouillon:"

"That Commissioner Bouillon be dismissed from office, the same to take effect at once:"

The defendants are all the members of the council, and those who voted in favor of the resolutions constitute more than two thirds;

Am informed by H. M. Martin that on Wednesday a public meeting attended by large number of citizens in board of trade rooms, resolutions protesting were adopted, which resolutions in my opinion represent the opinion of a large majority.

As a protest Wednesday I prepared my resignation but did not act upon it when I discovered resolutions passed Tuesday night were invalid on technical grounds.

Am informed by A. Butchart that a sufficiently signed requisition for public meeting was delivered to Mayor on 23rd. Am informed by J. D. Hyndman that Thursday he received notice of special meeting of council for purpose of dismissing Commissioner Bouillon for Friday night. No notice of said meeting was sent to me. Said meeting was not held.

Informed by Butchart that Methodist church was available for Friday or Saturday, but Mayor, although informed of that fact, called meeting for Monday 17th.

I verily believe it was intention of council to hold its meeting for purpose of dismissing and to dismiss said commissioner before public meeting was held; that such action has been taken not in interests of city but for purpose of satisfying personal ill-feeling of Aldermen against the commissioner.

A wide spread demand from large number of electors and from some newspapers for the resignation of members of the council who voted for resolutions passed 21st.

I believe the intention of holding the special meeting tonight and public meeting Monday is in order that before being compelled by pressure of public opinion to resign, the aldermen in favor these resolutions will succeed in their object of dismissing commissioner and if compelled to resign afterwards they will at all events leave city without commissioner during the interval and may prevent him from continuing as such by reason of delay necessary intervening before re-appointment, which interval may make re-appointment difficult to arrange.

Believe irreparable injury will result unless the council is prevented from dismissing.

Regular meeting of the council is held Tuesday nights and no notice of any special business is required to be given for any such motion. The next regular meeting will be held Tuesday 28th February 1911.

Mutt and Jeff Start for Mexico to Join the Revolution : : : By "Bud" Fisher

EMPLOYEES YALE HOTEL FORM TEAM

BOB McDONALD WILL HAVE "FAST" BUNCH OF BALL PLAYERS FOR THE COMING SEASON

There's nothing like getting an early start in everything, and having this in view, employees of the Yale hotel have started the baseball rolling by organizing a full-fledged fast bunch for the coming season. Bob McDonald will manage the team—from the bench—and he believes at this time that Norman McNeil, who is to be the captain, will develop an organization that should make other amateurs go some.

One thing certain. What the Yale boys may lack in ability on the ball field they will assuredly make up for in personal appearance. All are clean cut fellows, some are regular Beau Brummels, and they should cut some swath when attired in uniforms which are to be made in the colors of the famous college of Yale.

The new organization expects to have the following line-up:

Hector Chevrier, pitcher; C. L. Dufde, catcher; Norman McNeil, first base; Alex. McKay, second base; D. McDougall, third base; A. McGannon, short-stop; Joe Paquette, right field; Billy Brown, center field; Charlie Louck, left field.

Can you beat it?

GRANITE RINK DRAWS.

The draws for tonight in the Grand Challenge at the Granite rink are:

Robertson vs. Dunlop.
C. May vs. Fisher.
G. D. Hunt vs. Benner.
Good vs. Dewar.

TAILENDERS WIN THREE.

In the Y.M.C.A. bowling league the Tailenders grabbed three games from the Dormats Saturday. The first game was all Tailenders, the second and third games were close and it looked at times as though the Dormats would come back, but each time steady bowling won for Seward's Braves.

"FOUR TO TIE; FIVE TO WIN," DEACON CRY

"Four to tie; five to win."

This is the battle cry of the Deacons for the coming big game with St. Mary's, of Calgary. Take it up and don't forget.

"Four to tie; five to win."

DEACONS WILL WORK LIKE DEMONS TO CUT DOWN BIG LEAD HELD BY THE SAINTS

ST. MARY'S WILL BE CRIPPLED BY ABSENCE OF KING AND POSSIBLY MELLUISH—LOCAL TEAM WILL BE STRONGER AND GO INTO FRAY DETERMINED FROM OUTSET TO TRY AND PLAY CALGARY BOYS OFF THEIR FEET—MATCH TO DECIDE CHAMPIONSHIP OF PROVINCE EXCITES GREATEST OF INTEREST AND SHOULD PACK THISTLE RINK—TRAINER ANSE YOUNG PERFECTLY SATISFIED WITH CONDITION OF DEACON WHITE'S FAST BUNCH.

It will be some game!

Edmonton has witnessed some strenuous hockey games and battles on the ice that have been memorable, but unless all calculations are upset, the coming contest between St. Mary's, of Calgary,and the Deacons for the championship of the Province will be in the top notch class of hockey warfare. The Deacons realize that they have a task before them that will not be easily discharged. Players might not be censured were they discouraged through having to face such a handicap, but not so with Deacon White's strong-hearted youngsters. They feel better right now than if they were going into the fray with a lead such as that possessed by the St. Mary's and they are just thirsting for fight.

While no official statement has been given out as to the mode of procedure to be adopted in the game, those on the inside have it doped out that the Deacons will go into the affair determined from the outset to cut down the lead. In certain quarters, it is confidently believed that with any kind of luck, the Deacons wil be even with the Calgary boys at half time. And then will come the real fight. The boys realize it will be their last game of the season and they will have no reason to hesitate about exhausting their every effort and energy.

The Deacons on this occasion will have many advantages over the St. Mary's, not the least of which will be the weakened condition of the visitors through the loss of King, the rover, whose work was one of the big features of the game at Calgary. Without King, the visitors will find themselves not nearly as strong as they were in the opening contest. It is reported that Mellush, the point man, will not be found in the line up and if this is so, the St. Mary's will not be the puzzling proposition they were in the first game.

The Deacons wil be stronger, if anything. Allen wil be at goal, with Bill Banford at point. Muirhead will play cover; McGannon rover; Jack Gordon centre; Gordon Banford right wing and Dea left wing.

The Deacons have been practising hard for the last week and will put on the finishing touches every night up to the night preceding, the match by working out between five and six o'clock at the Thistle rink. Trainer Anse Young is perfectly satisfied with the condition of the boys and he will send out a team on the ice that will be a credit to the city and the credit upon his ability as a handler of athletes.

Great interest has been manifested on every side in the big game and with several hundred coming from Calgary for it, it is assured that the big rink will be taxed to its capacity.

WILL PLAY BIG GAME TUESDAY NIGHT HERE.

The game between the Deacons and St. Mary's will be played on Tuesday night. The Calgary people have been trying hard to get Deacon White to set Tuesday as the date, and Mr. White came to the conclusion this would be the best plan.

After the Tuesday night game, the Deacons will disband for the season. Taber tried to get a game here but it could not be arranged.

Officials for the big game have not yet been agreed upon.

"FOUR TO TIE; FIVE TO WIN," DEACON CRY

"Four to tie; five to win."

This is the battle cry of the Deacons for the coming big game with St. Mary's, of Calgary. Take it up and don't forget.

"Four to tie; five to win."

BIG GAME ON TO-NIGHT

The big basketball games, the opening of the Big Three schedule, will be played to-night at the Y.M.C.A between the Wanderers and the Dormats. Much interest has been taken in the game.

Duncan	R. F.	Granston
Dunham	L. F.	Gormack
Watt	C.	Freeman
Brockel	L. D.	McBride

CAPITAL RINK DRAWS.

The Capital City rink draws for tonight are:

Smale vs. Webb.
Darling vs. Swalsland.
Dickens vs. Gillespie.
Fraser vs. Stephenson.
Campbell vs. Richards.
Edwards vs. John McKenzie.

TO ARRANGE TO HOLD A FIELD DAY

POLICE ATHLETES TO AGAIN TRY FOR JOINT MEET WITH CALEDONIANS THIS YEAR

Another joint field day with the Caledonians will be sought by the Police Athletic Association for this year. A big meeting of the police athletes is planned for early next month when the proposition will be discussed at length. President Tidsbury is enthusiastic over the matter and believes no difficulty will be experienced in bringing this about.

The Police Athletic Association pulled off its field day jointly with the Caledonians at the Exhibition grounds last year and the affair was a splendid success.

NORWOOD PLAY HUDSON'S BAY.

The Norwood hockey team will play the Hudson's Bay aggregation at the Excelsior rink tonight. The H. B. team made an enviable showing in the Mercantile league and the Norwoods issued the challenge. Play opens at 8 o'clock.

TAKE DEACONS AT PLAY FOR MOVING PICTURES

During the warm months this summer, Edmontonians will be able to sit back, fan themselves and be treated to reproductions of the Deacons' hockey team at play.

The manager of one of the moving picture theatres in Edmonton this morning closed arrangements with Deacon White, manager of the Deacons, to have his team out at the Excelsior rink some afternoon this week. Pitted against them will be other well known hockey players and half an hour of strenuous play will be indulged in, during which time moving pictures will be taken. Particular pains will be taken so that the likeness of every player will be made very plain and easily recognizable. Should the effort be successful, films will be made for distribution through the office of a film distributing office.

McCLOSKEY SEEKS ONLY MEAL TICKET FOR LUCAS

(Special to The Capital.)

Butte, Mont., Feb. 27.—Despite John McCloskey's repeated assertions that the Union Association is the sure thing league in which Butte will figure the coming season,there are many throughout the proposed circuit who believe that obsequies will be conducted over the organization before it has even had time to come into the world. In other words, without even birth, it is now a corpse.

It is a well known fact that there is trouble in nearly every city on the circuit. Salt Lake has failed to respond to L. F. Thief's efforts with that enthusiasm which was confidently expected. Cody is having more than his share of troubles in Boise. Ogden is out of it for the reason that it was never in it. A team in Missoula is but a myth. There is nothing doing for the Union in Helena, and as for Great Falls, Reed has failed to get a start although he has been in that city for several months and brought along a press agent with him in the person of Garner, a former Mobile sporting editor.

McCloskey is gifted with that quality termed "spreading salve," and the "bull" which he peddles has been such him these many years that it has decayed. Down deep in his heart, his friends know he would be with the International League in a jiffy if he could but dictate terms and get the organization to swallow the $2,500 chunk in the person of William H. Lucas, this being that gentleman's annual stipend for acting as president. Lucas is the one thing upon which league matters in this section hinge. McCloskey knows that the International would not stand for Lucas because he is too expensive a luxury. McCloskey has received the tip from Alberta that the International would be a winner but that those at the head of baseball are business men who want an administration of the league's affairs along business lines and would balk at providing an annuity for aged and infirm baseball moguls. And right there is the milk in the coconut. Give McCloskey an assurance that Lucas will be the league's president—don't forget the twenty-five hundred simoleans per—and the international would go through in a jiffy. As for his franchise, McCloskey knows that Butte basebally is the biggest sucker in creation. He wants a meat ticket for Lucas and has been told Alberta will not provide the ham and.

LITTLE JOE MAKES GOOD AS HE PROMISED MOTHER

The skating races at the Thistle rink Saturday night brought out a story of human pathos far surpassing in real interest those regularly sent out by press agents as to fighters and their mothers. This had no coin to take from it its realism. It was just pure and simple mother love, the kind that roots itself deep in the system.

While the "kids" were engaging in their contests and provided such amusement to the crowd, there was in an Edmonton home an anxious mother, one who waited breathlessly for the telephone bell to ring. And at the rink side, with her eyes against the wire netting and glued on a little fellow with a brown torque was a sweet-faced miss. Around and around went the future skating champions. It was a keen contest and fought for every inch. The two were yours to the little girl. And then came the finish.

To the phone dashed the little girl.

"Hello, mother! This is Ella! He won the race, mother, he won."

Little Joe Dinsenault had won. He had made good, as he had promised his dear mother he would and for which message she had so anxiously waited.

WATT WINS THE CHOCOLATES.

The weekly prize for high score at the Y.M.C.A. was a box of Lady Pleasers." Pink Watt, of Dormat fame, carried off the prize with a score of 201. This is the second appearance of this name on the prize list.

DELL WITH MISSOULA

The Calgary Herald publishes the following special despatch from Missoula, Mont.:

William G. Dell, premier pitcher of the Edmonton team in the Twilight League last season, and now a resident of Missoula, has refused a contract sent to him by Roger Bresnahan, manager of the St. Louis Cardinals. Dell says that he can make more money in the northwest.

QUEBEC BEATS WANDERERS.

Montreal, Feb. 27.—Playing entirely on the defensive and resisting with dogged persevenance the desperate attacks of the Wanderers throughout the last 20 minutes' play, Quebec won their game with the cup holders here Saturday night by a score of three to two.

ALBERTA U. WINNER OF FINE GAME

(Special to The Capital.)

Tofield, Alta., Feb. 27.—In one of the fastest games of hockey ever seen in this burg the University of Alberta team defeated the winners of the Holden Cup by a score of 5 to 4, Saturday night. The rink was packed and the excitement intense, the score being tied no less than three times. Tofield led at the end of the first half by a score of 3 to 2 and looked good to win, but the "Rah Rah" boys came back stronger than horseradish. After seventeen minutes' hard play, Dent tied the score and Goodrich took the puck from the face off and after a pretty piece of stick handling bulged the lace in thirty seconds. Tofield again tied the score and with two minutes to play Dent scored the winning goal after a pretty combination rush with Fife, Goodrich and Blaney.

The Varsity defence was good, Hepburn and Hodgens being hard to pass, while Haines and Letourneau were the pick of the home team.

The Varsity team left yesterday for Saskatoon where it plays Saskatchewan University for the Intercollegiate championship on Wednesday night and Saskatoon city team on Tuesday night.

The teams lined up as follows:

Varsity.	Tofield.
May	goal ... Charlesworth
Hodgens	point ... Haines
Hepburn	cover point ... George
Dean	rover ... Diamond
Goodrich	centre ... Bissell
Fife	left wing ... Lee
Blaney	right wing ... Letourneau

Referee—R. H. Dobson.
Judge of Play—Jamieson.
Timekeepers—W. J. Reid and Williams.

THERE'S NOTHING LIKE GALL IN THIS BUSY AGE

The Calgary Herald in its issue of Saturday, publishes the 1911 schedule of the National and American Leagues, and in a single column box, under the caption of "Special Notice," tells its readers of this fact with the statement that the schedules are being published "for the first time in Western Canada." Had the Herald been truthful, it would have added: "Outside of The Capital, of Edmonton, which published the National League schedule on Thursday and that of the American on Friday." The Capital is the newspaper which "scooped" the entire newspaper world of Western Canada in the publication of the schedules. They came to The Capital direct from headquarters and were not clipped from another sheet.

TEAMS OFF TO GET IN TIP SHAPE

Chicago, Feb. 27.—The players of both the Chicago baseball clubs trooped into town to-day preparatory to their departure to-night on the spring training trips. President Comiskey takes his band of White Sox direct to Mineral Wells, Texas, where the players will keep in steady training for four weeks, with the exception of short trips to Fort Worth and other near-by cities for exhibition games to be played on the way home. The cities booked for exhibition games include Oklahoma City, Wichita, Topeka, St. Joseph, Kansas City, Lincoln, Omaha, Hannibal, Quincy, Danville, Springfield, Ill., Ottumwa, Des Moines, Rock Island, Terre Haute, Indianapolis, and Peoria.

Following their usual custom the Chicago Cubs go to West Baden to begin preparation for the annual championship race. After spending four days at the Indiana water place, the team will depart for the training camp at New Orleans arriving there next Saturday. Exhibition games with several of the major league clubs will be played in New Orleans and on the way north, the Cubs will fill dates in Mobile, Atlanta, Memphis, Louisville and several other of the larger cities.

Suffered for Years From Constipation and Sick Headache.

Headache seems habitual with many people; indeed, some are seldom, if ever, free from it, suffering continually, and wondering why they can get no relief. The most frequent of all are bilious or sick headaches, and are caused by some derangement of the stomach or bowels, or both.

Burdock Blood Bitters regulates the digestive and biliary organs, removes acidity of the stomach, improves digestion, regulates the constipated bowels, and promotes a perfect circulation of pure blood to all portions of the body.

Mrs. C. Meldrum, Clarksburg, Ont., writes: "For years I was troubled with sick headache and dizziness, and was also constipated. I was advised to try Burdock Blood Bitters. I only took three bottles of the medicine, and now feel like a new person as I am completely cured. I can truthfully testify that B.B.B. is the best medicine I have ever used."

Burdock Blood Bitters, has, during the last 35 years, built up an unrivalled reputation as a cure for all troubles arising from a constipated condition of the bowels.

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

O. C. FOOTBALL

London, Feb. 27.—Several surprises were handed out in the third round of the English cup Saturday, the most notable being the trouncing Everton received at the hands of Derby County, and the defeat of the Manchester United by West Ham United. Following are the scores:

Bradford City 2, Grimsby Town 1.
Derby County 5, Everton 0.
Middlesborough 0, Blackburn Rovers 3.
Newcastle United 3, Hull City 1.
Darlington-Swinton Town postponed.
Burnley 5, Coventry City 0.
West Ham United 2, Manchester United 1.
Wolverhampton Wanderers-Chelsea postponed.

Following are the results of the league games:

First Division

Aston Villa 4, Tottenham Hotspur, 6.
Aston Villa 4, Tottenham Hotspur 0.
Woolwich Arsenal 3, Notts Forest 2.
Sheffield United 1, Sheffield Wednesday 0.
Bury 1, Bristol City 1.
Sunderland 4, Manchester City 0.
Preston North End 1, Oldham Athletic 1.

Second Division

Leeds City 3, Fulham 1.
Barnsley 2, Birmingham 1.
Gainsboro Trinity 1, Bradford 2.
Leicester Fosse 1, Huddersfield 1.
Clapton Orient 2, Blackpool 1.

Southern Division

Exeter City 2, New Brompton 2.
Brighton and Hove 3, Millwall 2.
Northampton 0, Queens' Rangers 0.
Bristol Rovers 1, South End United 0.
Luton 3, Norwich City 1.
Crystal Palace 2, Southampton 7.

Had Severe Pains In His Back.

Could Hardly Work.

Mr. Alfred E. Davis, Gorrie, Ont. write :—"For some years I suffered from severe pains in my back and could hardly work at all, and when I stooped down to pick up anything felt as if my back must break. I was advised to try Doan's Kidney Pills, and after taking two boxes I was entirely cured, and feel that I cannot speak too highly in their favor.

"This was nearly four years ago and I still remain cured."

Those who have never been troubled with kidney trouble do not know the suffering and misery which those afflicted undergo.

Weak, lame or aching back comes from the kidneys, and when the kidneys are out of order the whole system becomes deranged.

Doan's Kidney Pills are a specific for all kidney troubles.

They help the kidneys to flush off the acrid and poisonous impurities which have collected, thus clearing out the kidneys, bladder and urinary passages.

Price 50c per box or 3 for $1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

If ordering direct specify "Doan's."

KANSAS CITY AUTO SHOW

Kansas City, Mo., Feb. 27.—Kansas city's fifth annual automobile show in Convention Hall opened to-day, to continue until Saturday. In many respects te exhibition this year eclipses all of its predecessors. The display of commercial cars is especially notable. In connection with the show a meeting will be held during the week to organize the Southwestern Automobile Dealers' Association.

SKATING RACES RESULTS.

The results of the skating races at the Thistle rink Saturday night were:

REAL ESTATE BULLETIN

Nelson Avenue and other lots in H. B. Reserve, north of track, are again in strong demand, as well as Inglewood and Glenora.

In business properties Jasper and Namayo Avenues are selling steadily, First Street being quiescent for the present, but likely to come forward again in a few weeks' time.

It is already almost impossible to rent a house and many are compelled to consider purchase on this account. So, if you have not secured that house you contemplated purchasing we would advise your "getting busy."

ALBERTA PARK

This property was purchased to permit of those of our clients seeking a quiet, safe investment, securing a block of land, well situated for re-subdivision, at a rock-bottom price, and we have had the pleasure of suiting a number of these.

If we have not had your order may we not have it soon? As there is still a good selection to be made.

Today's Offerings

Business Properties

Two part lots on Jasper Avenue, east of McDougall St., per foot $1150

One Lot on Namayo Avenue, north of track .. $2500

One Lot on Namayo Ave., north of track $1800

One Lot on First Street, running through to Queen Street $8500

Residential Properties

A 7-Roomed Modern House on a half lot in West End $3300

A 9-Roomed Modern House, well finished, on full lot in East End $7000

Two Lots in Delton, a snap, for, cash $425

A double corner in Inglewood for $1050

Farm Lands

A choice half section of land at Namao, well improved, with coal rights, two seams of coal proved, at, per acre .. $125

A Quarter Section, one mile from city limits, on a permanent thoroughfare, will make a first class sub-division, per acre $400

Good Terms

Oil Stocks

We are open to buy American-Canadian at good prices. Phone us your holdings and ask quotation.

Scrip

S. A. Scrip has advanced again today on Winnipeg market, and we advise our clients to buy now, as they are bound to advance even more sharply in a few days, the supply being limited and the demand becoming heavier daily.

H. B. and S. A. Scrip always on hand.

Loans

We invite applications for loans, which we can secure promptly at usual rates.

COMMISSIONER BOUILLON DECLINES TO DISCUSS PUBLIC QUESTIONS

It is on record that Commissioner Bouillon can be reticent.

When a Capital reporter entered the utilities commissioner's office this morning he was greeted with a stony stare, and the commissioner turned his attention to a volume of correspondence which lay on his desk, applying himself assiduously to the duties of the office to which he clings with unparalelled tenacity.

The Capital man greeted the Commissioner.

No response.

The reporter proceeded to interview the commissioner, in regard to the usual routine of public business, in the discussion of which Mr. Bouillon was, until the dramatic events of the past week occurred, something of an adept.

Still the chilly silence.

The Capital reporter pointed out that he was present in an official capacity to interview the commissioner in his official capacity, and proceeded to inquire as to certain reports regarding the condition of the utilities and other civic departments, which Mr. Bouillon had promised, in September of last year, should be issued to the press at the close of each month. The reporter pointed out that all efforts to obtain statistics which should form an index to the workings of these departments had proved futile. The press had been informed last fall that the old form of statement regarding the departments was misleading, but that with the introduction of the new accounting system, the utilities commissioner would be in a position to issue, a few days after the close of each month, statements showing the true condition of things—statements which he who runs might read—which would be intelligible if published in the exact form in which they had been prepared, to the most obtuse of ratepayers.

Silently the commissioner busied himself with his papers, his brow clouding with displeasure.

The reporter suggested that it might be more acceptable to the commissioner to answer written questions, and to give his answers in writing.

Commissioner Bouillon remained frigid.

A representative of a local paper which has allied itself with the pro-Bouillon faction entered the sacred presence.

Then did the commissioner beam. A broad smile overspread his countenance. Affably he discussed the Athabasca power proposition, gave his opinion on the offer of Athabasca Landing to supply Edmonton with power, and ventured to declare that the municipalities of the north should not be allowed to monopolize Athabasca power. As to the city's application to Ottawa Mr. Bouillon said that no further word in regard to this matter had been received.

The Capital reporter retreated, drew up a list of questions for the consideration of the commissioner. The chief clerk of the department laid the statement on the commissioner's desk. There was a long pause. Then Mr. Bouillon's glance turned in the direction of the communication. He read one line, laid the statement in the southwest corner of his desk, and turned his head to the south wall. He ruminated for the space of two or three minutes, and then in his most dramatic manner, consigned the unwelcome document to the waste paper basket.

Mr. Bouillon left the list of questions entact. Not a sheet was torn. The commissioner provided himself an opportunityto peruse the document at leisure when the newspaperman should have withdrawn.

The questions which Com. Bouillon declined to consider were as follows:

The Capital would be pleased to obtain from you an answer to the following questions:

In September of last year you declared that upon the introduction of the new system of accounting, you would be in a position to give to the press at the end of each month, a statement for the various civic departments, showing their standing in respect to finances and giving a summary of the details of operation for the month. You declared that the form of statement previously given to the press was misleading, but that the statements issued by you would form an index to the true position of affairs.

Have any such statements been prepared?

If so, will you give cut a copy of each statement for publication?

If not, when will statements of this character be available to the press?

NEWS OF THE CITY

Mrs. (Dr.) McIntyre who has been visiting for some months in Scotland, returned to the city yesterday afternoon.

The regular monthly meeting of the Woman's Foreign Missionary Auxiliary of First Presbyterian church, will be held on Wednesday, March 1st, at p.m.

The regular monthly meeting of the Woman's Foreign Missionary auxiliary of First Presbyterian church will be held on Wednesday, March 1st at 3 p.m.

The Royal St. George's Society will hold a smoking concert in the Oddfellows' Hall, Norwood Block, tonight at eight o'clock. An excellent program has been prepared.

Rev. John A. Doyle, associate secretary of Sunday Schools and Epworth leagues for the Methodist church in Western Canada, preached in Grace church yesterday morning.

A large number of people witnessed the ski-ing competitions on Saturday evening at the hill on Thirteenth St. There were some fine performances, the best of which was a jump of 87 feet.

Mrs. Wainwright, late of Strathcona, was very ill on Monday morning and being alone with her two little children, she had some difficulty in attracting a passer-by and having the doctor called. Fortunately her condition has now improved—Holden Herald.

Edmonton Council 481 C.O.F.F. will initiate a class of nearly thirty candidates at their regular meeting on Tuesday evening 28th in the I.O.O.F. hall, corner of Griesbach and Namayo. The regular meeting will be followed by a banquet at which an enjoyable time may be anticipated. The committee have arranged for a splendid toast list and a musical and literary program.

The Mason-Risch Piano company have removed to their new quarters, 55 Jasper West. For months their old stand was totally inadequate for their ever increasing business so that when the proposition to take over the Molson's bank building was made no time was lost in signing up the lease. No expense has been spared to make the surroundings in keeping with the quality of the instrument manufactured and sold direct by the firm. The new quarters are perfectly appointed and are easy of access.

The Ball official standard watch. Jackson Bros.

Better styles or better fits in Suits? Never! At the Boston Store.

EAGLES MAY SECURE PERMANENT QUARTERS

A fraternal organization which has made unusually rapid straides in Edmonton of late and which is destined to become one of the strongest in the city is that of the Eagles. Every meeting witnesses the initiation of many new members until now the roll is one to be regarded as most flourishing. So enthusiastic have the members became that President Joe Clark is being urged to inaugurate steps for the establishment of exclusive Eagles' quarters and may do so in the immediate future.

An important meeting was held Saturday night in the I.O.O.F., hall when new work of initiation was discussed and later inaugurated, five birds being vested with wings. They flew high and well and were properly branded to go through life soaringly.

As is the custom of the Eagles, serious affairs were followed by a jolly time. Harry Woodland presided at the piano and the Carusos and de Rezkes dispensed their wares. A light lunch was enjoyed, the good time winding up with a stag dance, the most bashful members being the "ladies."

Thomas Hardy has lived many years in Dorsetshire among the very scenes he describes so graphically, but he is of so modest and retiring a disposition that his fame is practically unknown to many of the quiet country folk.

Recently an enthusiastic admirer visited Dorset and approached an old dame who was sitting outside her cottage door.

"Mr. Hardy lives here, doesn't he?" he inquired.

"Which Mr. Hardy?" asked the old woman.

"Why, Thomas Hardy, the novelist."

"Oh, I know nought about him," said the country woman, "but there is a Hardy nearby who rears grand pigs."

In theearly part of Caruso's career as a singer Arthur a Becket, one of the editors of London Punch, was having a pleasant chat with a political friend. He turned the conversation to the opera and the chances of Caruso's singing that season in London.

"Did you hear him last year in Covent Garden?" he asked of the politician.

For Constipation

A Medicine That Does Not Cost Anything Unless It Cures.

The active medicinal ingredients of Rexall Orderlies, which are odorless, tasteless and colorless, is an entirely new discovery. Combined with other extremely valuable ingredients, it forms a perfect bowel regulator, intestinal invigorator and strengthener. Rexall Orderlies are eaten like candy and are notable for their agreeableness to the palate and gentleness of action. They do not cause griping or any disagreeable effect or inconvenience.

Unlike other preparations for a like purpose, they do not create a habit, but instead they overcome the cause of habit acquired through the use of ordinary laxatives, cathartics and harsh physic, and permanently remove the cause of constipation or irregular bowel action.

We will refund your money without argument if they do not do as we say they will. Two sizes, 25c. and 10c. Sold only at our store—The Rexall Store. A. Archibald.

A Middle-Class New-Englander Emigrates to America

By William Carleton.

IN this remarkable narrative a man tells simply but with dynamic power how at thirty-eight he lost his position in the office of a big corporation; how he learned that the special training of his own office was of no value in getting him a position in any other office; how at thirty-eight he was already "too old" to get such a position as he had found easily enough at eighteen; how he and his wife and boy in their trim little suburban home were actually confronted with the fundamental problem of how to exist; how he met and solved that problem in a way unexpected and dramatic, though to him and his wonderful wife, Ruth, obvious and natural, by "emigrating" to America; and how in all their struggle they found their lives enriched and inspired by the old adventurous, pioneer spirit of their forefathers.

A few brief chapters from this narrative were recently published in a great weekly magazine and awakened an animated discusison from one end of the country to tne other. The present volume contains the complete story.

Once in a while a book appears which so profoundly impresses the public mind that it wins its place as a force in public opinion. Such a book, not only on account of its deep human appeal, but also on account of its illumination of the present problem of "the high cost of living, "is **One Way Out.**"
